

“MyTongdy” Data Platform

All IAQ monitors may connected to the platform such as MyTongdy through the cloud server.

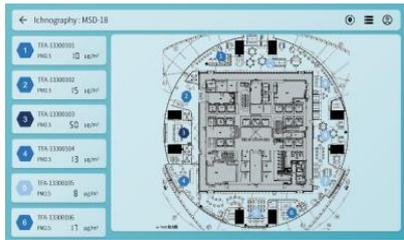

The real-time data of environmental air quality can be gathered and recorded by MyTongdy platform.

You may understand and analyze your room air quality and any changes clearly.

It applies to all systems of healthy office spaces.

**Create visible and
reliable air quality
solutions**

Key Features

Time	PM2.5	PM10	TVOC	PM2.5	PM10	CO2	Temp	Hum	PM2.5	PM10	PM2.5	PM10	TVOC
